# CLUSTER BREAKERS - MIXED VEGETABLE LINE

GEM Equipment Cluster Breakers are designed to provide an economical, safe, and effective tool for pre-breaking re-frozen combos of individually quick frozen (IQF) products. And GEM Breakers are built to last!

Six-Stage Mixed Vegetable Line

The function of a Mixed Vegetable Line is to accept cubical totes of loose frozen product and proportion several different products onto a conveyor, producing the various combinations of vegetable you see in the frozen food cabinets in your supermarket.
