

Length Grading System

System Price: \$34,205

Components Priced Separately

Grading Conveyor

Price: \$3,213

8" wide x 30" long

Features:

- T-304 stainless steel construction.
- Conveyor belt speed at 1-3/4 feet per minute, approximately 3.81 RPM.
- Conveyor has 4" high sides.
- Belting is 2-ply urethane monofilament with endless splice.
- 120-volt ac, 60 Hz, TEFC Dayton gearmotor with a 6 RPM output.

Elevating Conveyor

Price: \$8,304

8" wide x 36" long

Features:

- T-304 stainless steel and UHMW construction.
- Orientates fries for grading.
- Hanger bearings on crankshaft configuration for drive assembly.
- 3-1/2" stroke.

Eriez Shaker

Price: \$1,990

Features:

- Electromagnetic vibratory conveyor with a 28" long half-round stainless steel tray.
- Electromagnetic vibratory controller is not included.

Infeed Chute

Price: \$639

Stainless steel infeed chute for the accelerator conveyor.

Accelerator Conveyor

Price: \$10,186

32" long

Features:

- Conveyor bed is a 60 degree "V" shape.
- Two, 2" wide belts.
- 1/3-hp explosion proof motor.
- Belt speed is about 500 feet per minute.

Framework

Price: \$9,873

Features:

- T-304 stainless steel construction.
- Designed to support components illustrated above.
- One common guard to safeguard all pinch points.
- A movable step is located on the side of the framework.
- A stainless steel table area on the top.

Does not include electrical controls or components. Prices effective through December 2008 and are subject to change.
